# Greetings 1960

Greetings to all iris-loving friends and hopes for a wonderful iris season. We are very proud to report to you that English Iris Gardens won the sweepstakes at the Hutchinson Iris Show last year — the winning stalk was from the iris "NONPARIEL," meaning "no parallel." We also won a lot of other ribbons. You, too, can win with the iris listed in this catalog.

For the first time we have made up some collections of iris winners for you at very reasonable prices. This will help you to shop quickly for a variety of colors at a good discount. Any one of these collections would give you a good start toward a garden of the best iris. Try a collection —we guarantee you'll be pleased. Order early to save disappointment of sell-outs.

## Bonuses

Please read this carefully to avoid misunderstanding. A bonus is an outright gift so please list several so we have some choice in those we give away. We will give you your first choice if at all possible. A bonus is not a discount. It works this way: if you order \$5 worth of iris you are entitled to a 25% bonus, \$1.25 worth of free iris. The same is true of all orders as follows:

Orders from \$5.00 to \$9.99 select 25% more iris value.

Orders from \$10.00 to \$19.99 select 30% more iris value.

Orders from \$20.00 to \$49.99 select 40% more iris value.

Orders from \$50.00 up select 50% more iris value.

---

## ALL BONUS IRIS MUST BE SELECTED FROM IRIS LISTED AT \$4.00 OR LOWER

## Culture

It is a mistake to assume that because iris are extremely hardy that they will not respond to a careful cultural plan. Above all, iris must have full sun and good drainage—given such conditions many of your iris troubles will be averted. Keep all dead leaves and litter removed—these breed disease. Iris will thrive in any ordinary garden soil. A good plan for the fertilizing of iris is to apply gypsum or lime in the spring, superphosphate after blooming, and a feeding of bone-meal in the fall. Larger blooms and more vigorous plants will be your reward.
